

BITESIZE BELIEFS

Seven practical 'how-to' books
outlining Biblical principles for
today's Church.

BITESIZE BELIEFS

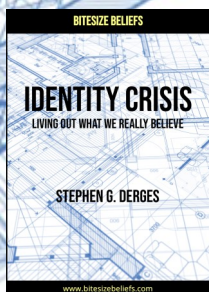

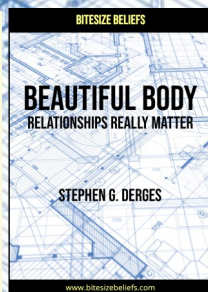

We're bombarded by 'messages' all the time but how can we find out what's important, what can be trusted and what is trustworthy? Does God 'speak' to people in this day and age and if He does, how and when and where? And how would you know it was God anyway?

'**HEARING GOD**' helps address these and other questions and the many ways in which He communicates with us in this short, easy-to-read format book.

Jesus said our love for one another would demonstrate we're His followers, but do we live it out? Do people see unity or division and discontentment in the Church? How can age-old disagreements and misunderstandings be resolved?

It's not good enough to sweep problems under the carpet, otherwise we'll trip up every time we walk into church.

'**BEAUTIFUL BODY**' provides clear guidance on what the Bible teaches about relationships, in a simple, practical manner.

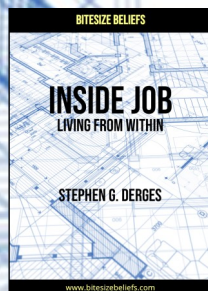

Many of us have become '*schizophrenic Christians*' – people who say they believe one thing but practice something entirely different. What do we really believe? Can we trust the Bible to help us in practical ways so that we're not dismissed by other people as being weird or cranky? What does it mean to be '*in Christ*'?

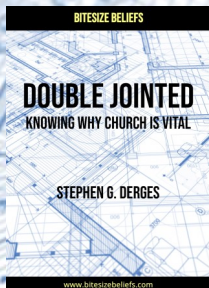

'**IDENTITY CRISIS**' looks at how we can live meaningful, purposeful lives based on God's Word to impact those around us, without having to shout from street corners.

Our everyday choices affect us and the people around us. How and why we determine our decisions has both implications and consequences. How can we act justly, love mercy and walk humbly with our God? What does it mean to 'see' from heaven's perspective?

'**INSIDE JOB**' examines how to align ourselves to God's Kingdom purposes and the interaction between attitudes, beliefs and thought processes, especially when we're under pressure or facing turbulent times.

BITESIZE BELIEFS

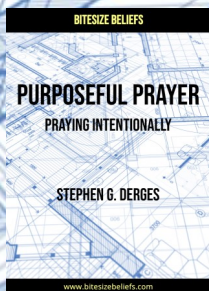

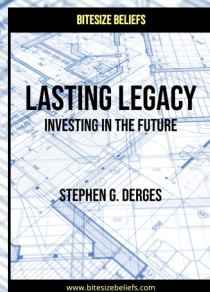

Ever felt you'd like to be a Christian on a desert island because too many pressures are put on you by being part of 'church' – whatever form that might take? And what about the fear of getting too involved with other people?

'**DOUBLE JOINTED**' considers the issue of involvement in the Body of Christ and why understanding God's original purposes for the Church means our ways have to change if we want to enjoy an abundant life.

We spend our lives investing in our reputations and careers, accumulating money and possessions, as well as developing personal and family relationships. But what will people say about us when we finally leave this planet? What will be written on our tombstone?

'**LASTING LEGACY**' explores the impact and influence of our lives. Our footprints on earth should mark a trail for others to follow, providing a launch pad for those that succeed us, as we impart our wisdom and experience to the next generation.

Many of us have hang-ups about when, where and for how long we should pray. But prayer isn't a '*blank cheque*' – God has ordained certain principles we should take on board. '**PURPOSEFUL PRAYER**' offers helpful hints and tips designed to enhance how, and for what, we pray and how using Scripture in prayer helps us navigate life's demanding and changing challenges.

There's a massive difference between someone who knows about prayer and someone who actually prays!

"Every day, from the moment we look at our screens, we are bombarded with stories and conflicting messages of who we are and how to live – complexity and confusion reign. Into this uncertainty, 'Bitesize Beliefs' offer crystallised nuggets of Biblical truth.

Full of engaging examples and moments of reflection, regularly punctuated with masterfully chosen Scriptural references, 'Bitesize Beliefs' will be of significant help to anyone seeking to lay foundations of truth in a world drowning in misinformation. These books are a gift to the church!"

“Stephen's writing may come in bitesize chunks, but it has life changing implications. A thoroughly engaging read for any time of the day, I commend both Stephen and his work to you. Read in a moment, but lived out for a lifetime, this is applied Biblical truth with a punch.”

“Stephen has a way of ‘scratching people where they itch’.

The subject of hearing God's voice is always important to people and the concept of his books, with their excellent layout and presentation, means the message comes across loud and clear.”

“I really like Stephen's material. It starts in exactly the right place – the everyday – and it relates in a down-to-earth style to busy 21st Century people. And the humour is great too!”
